## AUSTRIAN BASE AT DURAZZO ENTIRELY DESTROYED ALLIED ARMY IS FIGHTING BEYOND DEFENSE LINES

NORTHEAST OF ST. QUENTIN BRITISH ARE FIGHTING IN THE OPEN COUNTRY FIVE MILES BEHIND THE HINDENBURG DEFENSE SYSTEM. FROM LENS NORTHWARD AND FROM RHEIMS EASTWARD THE ALLIED ARMIES CONTINUE TO BEND BACK GERMAN LINES.

**FOUR THOUSAND PRISONERS TAKEN BY HAIG AS A RESULT OF ADVANCE MADE THURSDAY AUSTRIANS FLEE IN DISORDER FROM ALBANIA**

*Sensational Exploit by American and British and Italian Warships in Destroying Durazzo Bases Throws Austrian Forces in Albania in Disorderly Retreat and Rout.*

WASHINGTON, OCTOBER 4.—(Associated Press Dispatch)—Destruction by Entente naval forces of the Austrian base of Durazzo is believed to be closely linked up with the allied plan for pushing their advance through Macedonia.

### FIGHTING IN THE OPEN

(By The War Editor of The Associated Press)

Northeast of St. Quentin the British today are fighting in the open country beyond the Hindenburg line, after pushing ahead five miles since Monday. From Lens northward and from Rheims eastward to the Argonne the allies continue to bend back the German flanks in smashing attacks.

### PLUNGING THROUGH GREAT BREACH

The breach driven through the German defenses south of Beaufort is on a front of five miles. To the north the British are plunging forward east and southeast from LeCateau, while on the south the French are attacking successfully between Sequehart and Lesdins. The German resistance is bitter, but there has been no let up in the strong allied pressure. In the fighting in this area Thursday, Field Marshal Haig's men captured 4000 prisoners. With the British in the open country northeast of St. Quentin and the cavalry and tanks pouring through the breach the German positions about Cambrai and Laon will become more precarious. Through the opening in the lines Marshal Foch would be able to throw troops to take both Cambrai and Laon in the rear.

### BRITISH PRESS BEYOND LILLE

West of Lille the British continue to press the Germans eastward while extending their lines south of Lens to Maricourt, where a good advance also has been made. Between Lens and Armentieres the British have moved forward an average of more than three miles on a 20-mile front and east of Bois Granenier are within 6 miles of the fortress of Lille.

Meanwhile the British and Belgians are widening the salient east of Ypres which threatens the German positions on the coast and network of railroads west of Ghent.

### AUSTRIANS RETREAT IN DISORDER

In Albania the Austrians are retreating in disorder, now that their base of Durazzo has been destroyed by Entente warships. American, British and Italian warships destroyed the base. This sensational exploit which was carried out on Wednesday seems to have reduced the Austrians to one large naval center in the Adriatic, that of Pola, although the port of Fiume may be used for this purpose.

### GREAT GENERAL RETIREMENT CONTINUES

There are no indications that the Germans have halted their retirement in the Lille salient. The enemy is still several miles west of the Ducl Canal, which runs from north of Armentieres through Lille to north of Lens, and which probably will form part of the German defense system before Lille.

It is not probable the Germans will give up Lille without heavy fighting.

Around Rheims and east of the Suippe river General Berthelot and General Gouraud are drawing closer the sides of the German salient east of Rheims.

American troops have joined the French in the operations east of the Suippe and have assisted in the advance northwest of Somme-Pi, capturing the strong positions of Blancmont and the Medeah farm. Further east the French have taken Orfeuil and Bemont Chateau.

## BLOW AT CONSTANTINOPLE PRINCE MAX WILL BE LAUNCHED SOON FROM BADEN TAKES HELM

SALONIKI, OCTOBER 4.—(Associated Press Cable)—“We will soon direct our blow at Constantinople and the vanquished Turks will be thrown once and for all into Asia,” declared General D’Esperey, the allied commander-in-chief on the Macedonian front in replying to a demonstration today.

## CLOSE UP

By Associated Press Dispatch.  
Washington, October 4.—The only way to stop the spread of Spanish influenza is to close churches, schools, theaters and public institutions in every community where the epidemic has developed, in the opinion of Surgeon General Blue of the Public Health Service.

“There is no way to put a nationwide closing order into effect,” said Dr. Blue today. “As this is a matter which is up to the individual communities.”

The death rates in army camps at home for the week ended September 27th was 34.4 percent, an increase of 30 percent over the preceding week, and was due to influenza and pneumonia, the Public Health Service report stated today. There were 1040 deaths as compared to 172 last week.

## 59 DEATHS AT SHERMAN

By Associated Press Dispatch.  
Camp Sherman, O., October 4.—The total number of deaths in Camp Sherman since the influenza epidemic struck the camp a few days ago, is 140, or an increase of 59 deaths since Thursday noon. Today, Saturday and Sunday are expected to witness the heaviest tolls during the epidemic.

The number of cases has shown a further decrease and camp authorities are sure they have the epidemic well in hand.

## 738 NEW CASES

By Associated Press Dispatch.  
Philadelphia, October 4.—Influenza is on the increase here. Seven hundred and thirty-eight new cases have been reported in the last 24 hours. As a result of the epidemic Philadelphia will after 7:00 o’clock tonight be bone dry for the first time in its history.

## NEAR 2 MILLIONS

By Associated Press Dispatch.  
Washington, October 4.—American troops abroad now number 1,800,000, members of the House Military Committee were informed today at their weekly conference at the War Department.

Spanish influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the Department having adopted a policy of not sending any men overseas who have been exposed or show symptoms of the disease.

## THREATENED BY HEAVY GRAFTERS

By Associated Press Dispatch.  
Washington, October 4.—Threats against the lives of government inspectors who assist in uncovering graft in connection with army contracts were disclosed today by the Department of Justice. The text of a black hand letter threatening a government inspector who is to appear against Rosewasser Brothers, under indictment at New York, on a graft charge, was made by the department.

## AMERICANS IN ACTION ADVANCING

(Associated Press Cable)

With the American Army in France, October 3.—American troops went into action this morning on the Champagne front. A report states they had advanced considerably by noon and had taken Blanc Mont and Medah.

## U. S. STEAMSHIP HERMAN FRASCH SUNK OFF COAST

Collided With Steamer George J. Henry and Sunk in Seven Minutes.

Forty-one Survivors Accounted For.

By Associated Press Dispatch.

Washington, October 4.—Sinking of the American steamer Herman Frasch as a result of collision with the American steamer Geo. J. Henry was announced today by the Navy Department. The Frasch sank in 7 minutes. Forty-one survivors are accounted for. The collision occurred several hundred miles off the American Atlantic coast. The Henry had her bow crushed but after standing by all night resumed her voyage.

Both vessels were cargo carriers in army supply transport service. The Frasch was about 4,000 tons gross, carrying a crew of about 90 officers and men, and the Henry is a tanker. Since only 41 of the crew were accounted for it is feared that there was a heavy loss of life.

## U.S. CHASERS GET U BOATS

(By Associated Press Cable)  
Rome, October 4.—American submarine chasers destroyed two enemy submarines yesterday during the bombardment of Durazzo, it was officially announced today.

## RESIGNS HIS POST

(By Associated Press Cable)  
Amsterdam, October 4.—The Turkish minister of the interior has resigned, according to a Constantinople message today.

## FARMER SUICIDES

By Associated Press Dispatch.  
Chillicothe, O., October 4.—William Shepherd, farmer, 76 years of age, was found by his family, hanging to a rafter in the barn on the Shepherd farm on Brays Hill near Frankfort. Shepherd had been in ill health and is supposed to have ended his life while in a fit of despondency.

## PEMBERTON-BILLINGS OUSTED FROM COMMON

Noel Pemberton-Billings, who made the recent revelations concerning the alleged English vice book, said to be in the hands of Germans, was forcibly ejected from the House of Commons when he refused to leave after the Speaker had ordered him to do so. Billings brought up the question of internment of enemy aliens in Great Britain and insisted that the matter should be debated at once. He ignored several calls for order.

## INFLUENZA SPREADING OVER STATE

In Almost Every Instance Source Is Traced to Army or Navy Camp.

Most Prevalent at Camp Sherman 4000 Cases and 100 Deaths.

By Associated Press Dispatch.

Columbus, O., October 4.—Spanish influenza is spreading rapidly through Ohio, according to reports to the State Department of Health. Hundreds of cases have been reported and scores of new cases are being reported daily.

These reports show that in almost every instance the influenza was brought from army or navy camps. Records of the state department of health show the disease most prevalent at Camp Sherman, where more than 4,000 cases and almost 100 deaths have been recorded.

## SPECIAL SERVICE CALL IS FRAMED FOR GRADUATES

By Associated Press Dispatch.  
Washington, October 4.—Provost Marshal General Crowder today called for 29,999 grammar school graduates from 42 states, to entrain October 15th, for technical schools. Of the total \$80 will be negroes. Voluntary inductions are allowed until October 12.

## LOAN TOTALS

By Associated Press Dispatch.

Washington, October 4.—Liberty loan subscriptions officially reported to the Treasury reached a total today of \$727,383,950. Yesterday's returns still are incomplete.

Couldn't Get Man to Fill His Place. Had to Keep On. How He Did It. Saratoga, Cal.—"I am an engineer and overworked so I could not sleep, was tired all the time. I could not get a man to fill my place so had to keep on working. My druggist asked me to try Vinol and it built me up and strengthened me so I feel fine and sleep all right"—Isaac W. Bradford.

There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the greatest body building and strength creating tonics.

We strongly recommend Vinol. Blackmer & Tanquary and druggists everywhere.

**GREAT OUTPOURING FOR THE STRICKEN PEOPLE OF EUROPE**

Remarkable Contributions of Good Clothing, Shoes, Raw Materials Pouring in For Belgian and French War Sufferers—Money Also Is Given Freely—Drive Continues.

The Red Cross Drive for the destitute Belgians and French is turning out splendidly, the response of people from both town and county such a whirl of glad generosity that the large room at the Red Cross headquarters resembles a big store.

This drive is quite unlike a Rummage—people are giving up garments that have been cherished for years and sacrificing them willingly for so good a cause. Among the gifts which show as having been tenderly cherished are a number of dainty hand-embroidered baby clothes, made in the style of 30 years ago.

Then there are many new baby things and liberal checks, which will be used to purchase warm materials, have been sent. Two dozen brand new pairs of socks was one donation. Almost every kind of garment is represented and there are many perfectly good suits of clothing, separate pieces, coats and dresses.

The Woman's Committee C. N. D. in charge of the clothes-gathering campaign are delighted with the enthusiasm and spirit put into the Drive and predict that Fayette county's contribution to the stricken people will be of immense help.

Thursday was the big Rally day and the young people covered themselves with glory in the thorough way in which they covered the town. Over Sunday, owing to the amount of sickness that has been in the city, everything will be fumigated and the first of the week packed for overseas shipping.

**SCOTT JUDY DEAD**

Scott Judy aged 20 years died Thursday evening at 8 o'clock at the City Hospital in Chillicothe of pneumonia. Deceased was son of Mr. and Mrs. Stuart Judy of Chillicothe.

Young Judy was employed at Sauer's Bakery in this city and left on Saturday morning when he was taken down with pneumonia.

The remains will be brought here Saturday on the 7:45 o'clock train and taken to the home of Mrs. Lizzie Judy, corner Temple and Delaware streets, where funeral services will be held at 2 p. m. Saturday. Burial in Washington cemetery.

**DIED IN COLUMBUS**

Mr. Casper Timmons, of New Holland, died Wednesday night at the Mt. Carmel Hospital, Columbus, following an operation. The body was brought to the home near New Holland Thursday.

Funeral services will be held at the residence Saturday morning at ten o'clock.

**COUGHED SO HE COULDN'T SLEEP**

Bronchial coughs, tickling in the throat and asthmatic spasms break one's rest and weaken one so that the system is run-down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually all night; could hardly sleep. Foley's Honey and Tar cured my cough."

**REV. F. E. ROSS IS HOME FROM FRANCE**

Rev. F. E. Ross, pastor of the Third Avenue M. E. church, Columbus, and formerly of Grace M. E. church, this city, reached home Wednesday of this week after six and one-half months active service with the Y. M. C. A. in France, during which time he was under shell fire 25 days out of every month.

Rev. Ross landed in New York Saturday afternoon, but did not reach his home in Columbus until Wednesday.

The return voyage required over 12 days because of the route necessary due to the U-boat menace. The ship on which he arrived sailed from Brest, one of the most important of French ports.

The latter half of his term of service, in the Flanders sector, was spent in the Ypres salient, occupied by British troops for the most part. "The day I left, Kemmel hill was taken, and it was my good fortune to be able to take the word of this fact along down the line with me," said Mr. Ross. "I had been working among our American troops who played a minor but very effective part in this operation."

"I was under shell fire for about 25 days out of every month during my stay at the front," he said, "the fire varying in its intensity, of course."

While in the northern area he kept in constant touch with troops going out to and returning from the front line trenches.

He also spent some time in lecture work behind the lines.

Mr. Ross will occupy his pulpit at both services next Sunday morning.

**SAD WORD REACHES SISTER IN THIS CITY**

Mrs. J. M. Willis left Thursday for Indianapolis, Ind., called by the death of her sister, Mrs. Margaret Ludwig. A large number of friends in this city, made by Mrs. Ludwig during frequent visits at the Willis home, sincerely regret to receive the sad intelligence and are extending their sympathy.

**TOOK THE WORD OF THE ENDORSERS OF NERV-WORTH**

And Carl J. Leveck's Own Test Clinched All Their Statements.

Very recently the following eloquent recommendation was received at Lima's Nerve-Worth drug store: Butler's Drug Store—For more than five years I have suffered from indigestion and bowel trouble. Stomach in very bad condition. Was very dizzy and nervous and my circulation was bad. Had severe headaches at times and I had not been able to get any remedy that would help me in the least. Tried several doctors, but they did me no good.

I read statements from Nerve-Worth users as to the great benefits they had obtained from it and I purchased a bottle. Took it as directed and I am glad to say that the troubles mentioned are all gone and I am a well man again and am gaining in flesh and strength. I cheerfully recommend Nerve-Worth to all in my condition.

Cambridge, O., Oct. 4.—Mayor Longworth has issued a proclamation closing the churches, schools, theaters and lodges in an effort to check the spread of influenza. One hundred cases and two deaths are reported.

**Toledo Over the Top.**  
Toledo, Oct. 4.—Toledo is the first city in the metropolitan class to reach its quota in bond sales. Raising of the quota of \$18,000,000 in five days was reported to the treasury department. There are 75,600 subscribers. No bank took any of the bonds. Toledo was first in the third loan also.

**Dies in Electric Chair.**  
Columbus, Oct. 4.—Pasquale Blondo, 27, Italian, said to have been the leader of a gang of five thugs who shot a half dozen policemen in Akron last winter during a series of crimes, was electrocuted this morning at the Ohio penitentiary. He was pronounced dead after 30 seconds by the prison physician, Dr. O. M. Kramer.

**Cox Issues Convention Call.**  
Columbus, Oct. 4.—Governor Cox, by proclamation, issued a call for a "win-the-war-for-permanent-peace" state convention to be held Oct. 24 at Memorial hall. The object, the governor's proclamation says, is "to give the people of Ohio an opportunity to perfect an organization to confirm opposition to a premature peace."

**Karb Appeals to Wilson.**  
Columbus, Oct. 4.—Government control of Columbus' streets during the war is asked by Mayor Karb in an appeal to President Wilson. He declares settlement of the question is not within the power of local officials. The mayor says a referendum is certain if council takes steps either way. He adds the peace of the city is threatened.

**Mules in Ohio.**  
Columbus, Oct. 4.—Stimulated by war demands, Ohio's mule population is now the highest in its history. Records of the auditor of state's office show that there are now nearly 40,000 mules in the state. In the spring of 1915 there were 36,531 listed for taxation in the various counties, and two years later the number had dropped to 32,032, due to heavy shipments of mules to France.

## BAVARIA TIRED

(American Press)

Washington, Oct. 4.—A dispatch from Switzerland says since the allied offensive began in the west the Germans have withdrawn troops posted along the German-Swiss frontier and replaced them with detachments from the Bavarian landsturm, whose laxity has permitted every day hundreds of deserters to reach the Swiss outposts. A Bavarian officer is quoted as declaring that the German morale is very low, and that his country had done quite enough fighting for the king of Prussia.

### CHILD WELFARE

Since the United States Government has taken over the child problem of America, as a war measure, it has decided to try to encourage communities to look after their children more efficiently by holding Child Health Conferences. These conferences are to be held in the larger cities in the hope that smaller towns and rural communities will take advantage of them.

One of these conferences will be held in Columbus, October 10-19, in connection with the Dairy Show. At this time the government will have expert physicians examine free of charge, any child brought to them. They will give a private examination and a private conference with the parents afterwards.

If any parents in Fayette County wish to take advantage of this offer, send your name and address, also the name, age and sex of the child to "Child Health Conference, No. 8 Long St. Columbus, Ohio and they will mail to you the day and hour for your appointment.

### OBITUARY.

James Allen Melvin.

James Allen Melvin, son of Mark and Esther Melvin, was born December 21, 1850, and died Friday morning, September 27, 1918.

Mr. Melvin belonged to one of the old families of Washington, his father having been closely associated with the early history of the town.

On the Mother's side he was related to the Allens, one of the pioneer families of Fayette county.

His Mother having died when he was quite young, the father married Mrs. Maria Miller, who became a mother to the motherless children; and under her care he grew to manhood in the old homestead on Court street.

On December 23, 1874, he married Nannie daughter of Abraham and Margaret McCoy and to this marriage three children were born; George Charles and Marie.

The only daughter, Marie, resigned her position in Washington, D. C., to be with her father in his last illness for the filial ties which bound this father and daughter were unusually strong.

Of the immediate family, besides the wife and three children and one granddaughter, Louise, there survive, the step-mother, Mrs. Maria Melvin, one sister, Mrs. Zoe Kimberly, of New York, and one brother, Mark, of this city.

All the members of his family circle have lost not only a relative, but a kind and helpful friend; one who had their interests at heart and who was always willing to share their burdens and relieve their cares.

Besides a wide family relationship, Mr. Melvin was connected with the town and county in many other ways: He was a member of Grace M. E. church, having united with the church under the ministry of the Reverend Franklin McElfresh; he was a member of the Independent Order of Odd Fellows and Fayette Encampment, having joined this organization in his youth, he is regarded almost as one of the pioneer members of the Order.

He has borne his part in the political life of the town also, having been chosen twice to serve his community as President of the City Council; but it is in his business life that Fayette county knows him best. He has been connected with the business life of the town for many years; few men have a wider circle of business and personal friends than J. A. Melvin.

In his business life he came in contact not only with the town but with the county as well and there are hosts of firm friends who always found him untiring in his efforts to serve the interests of those who dealt with him.

His associates in business knew him as a man of sound integrity, tenacious of the right as he saw it, anxious to do his part in the business life of the community, but standing firmly against any measure that he thought was not for the good of the people; for Al Melvin, as his friends liked to call him, was a friend of the people; and the people responded to this and his business associates became his personal friends.

It is to such men as this who go quietly on their way, cheerful uncomplaining in hardship, filling their place in the community life, serving their people in their republic; they are doing their patriotic bit for their communities and it is this community which mourns with his family today, the loss of this man, who went about in his quiet way, doing good.

### CARD OF THANKS.

We hereby extend our sincere thanks to the neighbors and friends for their many acts of kindness during the illness and death of our beloved husband and father, and for the beautiful floral offerings.

MRS. J. A. MELVIN, AND FAMILY.

**DEATH CLAIMS 3 ADDITIONAL FAYETTE BOYS**

**Corporal Glenn Whaley, M Company, Dies of Wounds in France and Privates Walter Hutchison and Ray Hamm Succumb to Influenza in Camp Sherman**

News of the death of three Fayette county soldiers has been received during the past 24 hours, bringing sadness to a great many hearts in Fayette county.

Two of the men — Privates Ray Hamm and Walter Hutchison, died of influenza in Camp Sherman, and Corporal Glenn Whaley, of M Company, died of wounds in France.

Corporal Whaley left this city with M Company, although his home address was given as Mantau, Ohio, and had fought bravely in many battles, receiving the wounds which resulted in his death late in July, it is understood.

His name appeared among the Friday morning casualties as having died of the wounds. He has a number of relatives in this city and county, but it is understood his mother resides at Mantau, Ohio.

Private Walter Hutchison's death occurred about three o'clock Friday morning, after an illness lasting from Wednesday of the previous week. He was inducted into the military service about one month ago, after having waived deferred classification.

Private Hamm is a son of Mrs. Wm. Hutchison, residing on the Jamestown pike, and was 22 years of age

last week. He registered for military service last June. He was not married.

In addition to the mother, Private Hutchison leaves one sister, Mrs. Wilbur Hyer, and two brothers, Warren Hutchison residing south of this city, and Loren, residing near Jamestown. The McCoy ambulance went to Camp Sherman Friday to bring the body back to the home of Private Hutchison's mother.

Funeral services will be held at the home of the mother, Monday afternoon at 2 o'clock. Interment in Washington cemetery.

Private Ray Hamm was a son of Mrs. Kate Shelton, residing on the Sedalia and Bloomingburg pike, four miles north of Bloomingburg. His father, James Hamm, died when Ray was a small lad.

Private Hamm had not yet attained his 21st year, and was inducted into the military service on September 5th. He became ill Tuesday, and death occurred shortly after noon on Thursday.

The body will be shipped to this city, it is understood, a military guard of honor escorting the body to this city.

Private Hamm leaves, besides the mother, one brother.

**ORDERS OUT FOR FLUSHING ALL OF THE PAVED STREETS**

Mayor V. J. Dahl has issued orders for the flushing of all paved streets in the city as a health measure in order to prevent spread of the influenza epidemic.

The order went out Wednesday and the work on the up-town streets started Thursday. It is expected that as speedily as possible all paved streets will be given a flushing, although the money is said to not be available at the present time to keep the work going without interruption.

Mayor Dahl declares that the streets in the unsanitary condition that they were, and the city prevented from purchasing the flusher, he had ordered the flushing done and will find a way of paying for it.

"It's no use to close all places of public assembly unless the streets are in something like decent sanitary condition," declared Mayor Dahl.

## THE RHINE VALLEY IN WAR ZONE

(American Press)

New York, Oct. 4.—British air men during the past three months have wrought heavy damage to military objectives in western Germany and enforced withdrawal of several enemy air squadrons from the battle fronts in vain effort to protect the raided territory. The British bureau of information announced here in a review of the activities of the British independent air force.

A 250 mile belt of the Rhine valley, in which are located the principal war industries and railway systems vital to maintenance of the Teuton lines in France, has been brought definitely into the war zone, the statement said.

Flies of the independent air force have raided enemy territory 249 times and dropped 247 tons of bombs on strategic points. Aside from destroying gas factories, railway stations and trains, it was stated, the attacks have had a widespread moral effect, demonstrated at dozens of public meetings in the Rhine towns demanding cessation of aerial warfare.

All the way from Cologne to Baden, the British review stated, the aviators have conducted successful raids, despite heavy concentrations of enemy machines. In September alone 21 German industrial towns were raided and more than 100 tons of bombs dropped on them.

## ANNUAL SALE OF POLAND CHINA HOGS

J. W. Townsley, Washington C. H. will hold his annual sale of Big Type Poland China hogs, Friday, October 11th. They are the largest and best. Some he sold in former sales have been state fair winners as far as California and some have weighed from 900 lbs. to over 1100 lbs. Anyone interested in larger and better hogs should not fail to attend. Two miles from Washington C. H. on Chillicothe pike.

Calls are coming to every farmer and stockman, just as emergency call are coming to Americans in every station of life, and we, as farmers and stockmen, must answer these calls by producing and conserving. Only the best blood lines can produce the greatest amount of feed in the shortest time. Since the European countries have been foremost in supplying the world, with pure bred stock, and now that they are at war, it is up to the United States to step in and take their place. Then isn't it the duty of every patriotic man to get busy and get into some pure bred breeding business, thus helping to place our country and his country at the head of the list where it should be?

## Sixty-four million pounds of sugar a year for BEER in America!

The people responded to Hoover's appeal to conserve. The people SACRIFICED willingly. The brewers fought for the "right" to keep on using sugar to make the stuff that HANDICAPS the nation.

In 1914, the liquor organization stated in an advertisement:

"National consumption statistics of the value of supplies used by these industries (Ohio Liquor Industries) per year aggregate nearly \$370,000,000, including over \$100,000,000 of farm products."

The liquor traffic has fought to continue the fearful waste of necessities during the war and wants to keep on doing it after the war. The liquor traffic is a detriment to the state and nation in time of war and in time of peace.

## BAKER TRACTION LINE IS REVIVED

The following article from the South Solon Advance will be read with a great deal of interest in this city and community generally:

"At one time it looked like we would have a traction line through South Solon, but that all vanished after a franchise had been granted by the village. On last Thursday three well dressed gentlemen, with quite a business air, called on the editor and asked if they could see the old franchise. We happened to have it. After they had looked it over good and retired to a private room and after 30 minutes, said they had been over the old proposed line from Chillicothe to South Charleston.

"When asked if they had anything for publication, remarked: 'We will not say that we will build the road, but if the general outlook is good enough we expect to report favorable to the building of the road on the old line.'"
